### SIZING SPECIFICATIONS

Variances +/- 2cm  
The sizing on the above chart is ACTUAL MEASUREMENT of the garment itself. Please be aware of this when choosing your garment size.  
Best way to do this, if to find one of your favourite garments you currently own that is comfortable for you to wear, lay this down flat, and measure THAT garment across the chest, once you have this measurement, refer to our size chart, and go with the measurements closest to those of your favourite garment
